

Wolvey Annual Litter Pick

Saturday 17th April 11 am

Litter is a growing problem. Last year alone, an estimated 25 million tonnes were dropped in Britain, and the problem affects countryside and urban areas alike. This amount of litter is an eyesore that spoils the environment. It's also a hazard to pets and wild animals – killing or injuring over 69,000 animals in Britain in 2007.

In September 2008, Keep Britain Tidy launched England's first Big Tidy Up – the country's biggest clean up. It encourages as many members of the public as possible to carry out a litter pick in their local area and help tidy up our country... www.thebigtidyup.org
